2. We are able to provide locally installed and cloud hosted options in our response. Can you confirm that filling out both spreadsheets is acceptable?

Answer: Yes, filling out both spreadsheets is not only acceptable, it's required per the instructions in Appendix D.

3. The migration of 10-12 TB of data can be handled through a drush scripting process where assets are ingested on the command line. Shall we include details about this process as a service in our proposal?

Answer: Please provide as much information as possible about all services provided. You may add tabs in addition to those requested in Appendix D if necessary.

4. Subcontracting and the HUB plan: In our proposal, we don't expect to hire subcontractors, nor do we expect our estimate to be 100,000 or more. Given this, are we required to submit Hub-related paperwork.

Answer: Yes, you must submit the HUB paperwork regardless of the how much your product will cost.

5. Can you comment on whether or not a budget is established for this project in 2015 fiscal?

Answer: We will not be posted budget numbers at this time.

Some updates from TSLAC:

1. Package 3 (SaaS Solution), has had a couple of updates to Sections 7.1.4 & 7.1.5. If you have already started to fill this spreadsheet out, please copy/paste the updated question and answer appropriately. The new spreadsheet can be found in Package 8 on the ESBD.
2. Package 4 (Locally Hosted Solution), has had a couple of updates to Sections 7.1.4 & 7.1.5. If you have already started to fill this spreadsheet out, please copy/paste the updated question and answer appropriately. The new spreadsheet can be found in Package 9 on the ESBD.
3. There has also been an update on the scoring of the Support section.
 - a. SaaS- there are a maximum of 21 points to be earned
 - b. Locally hosted- there are a maximum of 18 points to be earned

Please sign to acknowledge this addendum. Place acknowledgement in Tab 12.
