

Advanced Electronic Records Institute

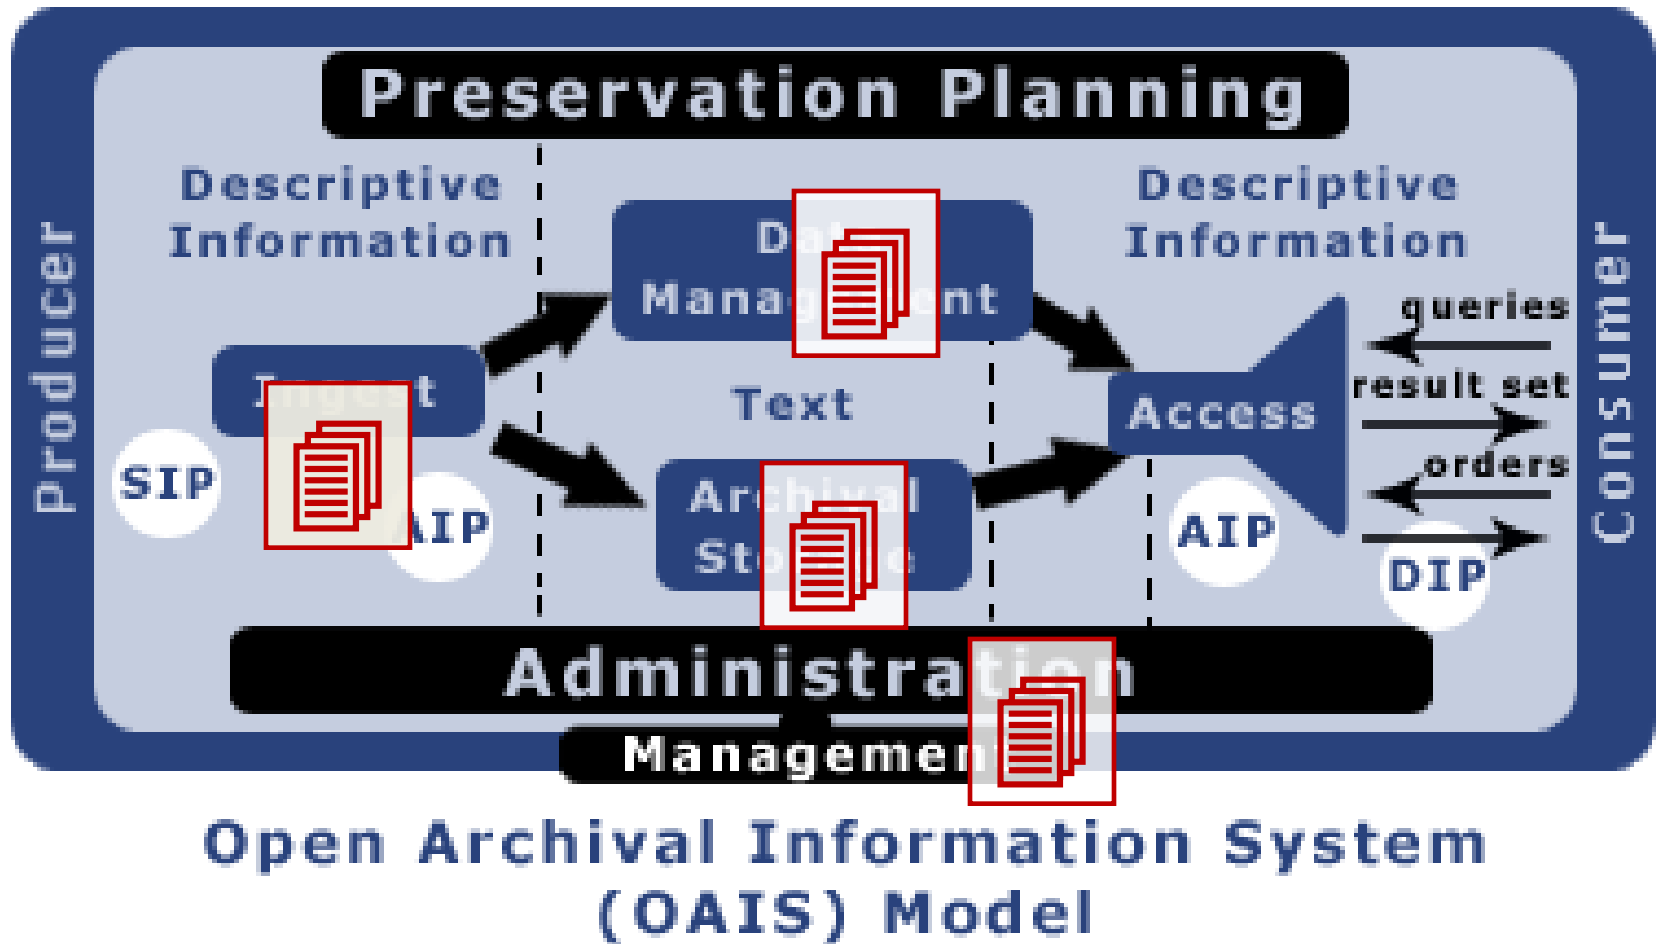

Exercise: Mapping to OAIS

Nancy McGovern & Kari Smith

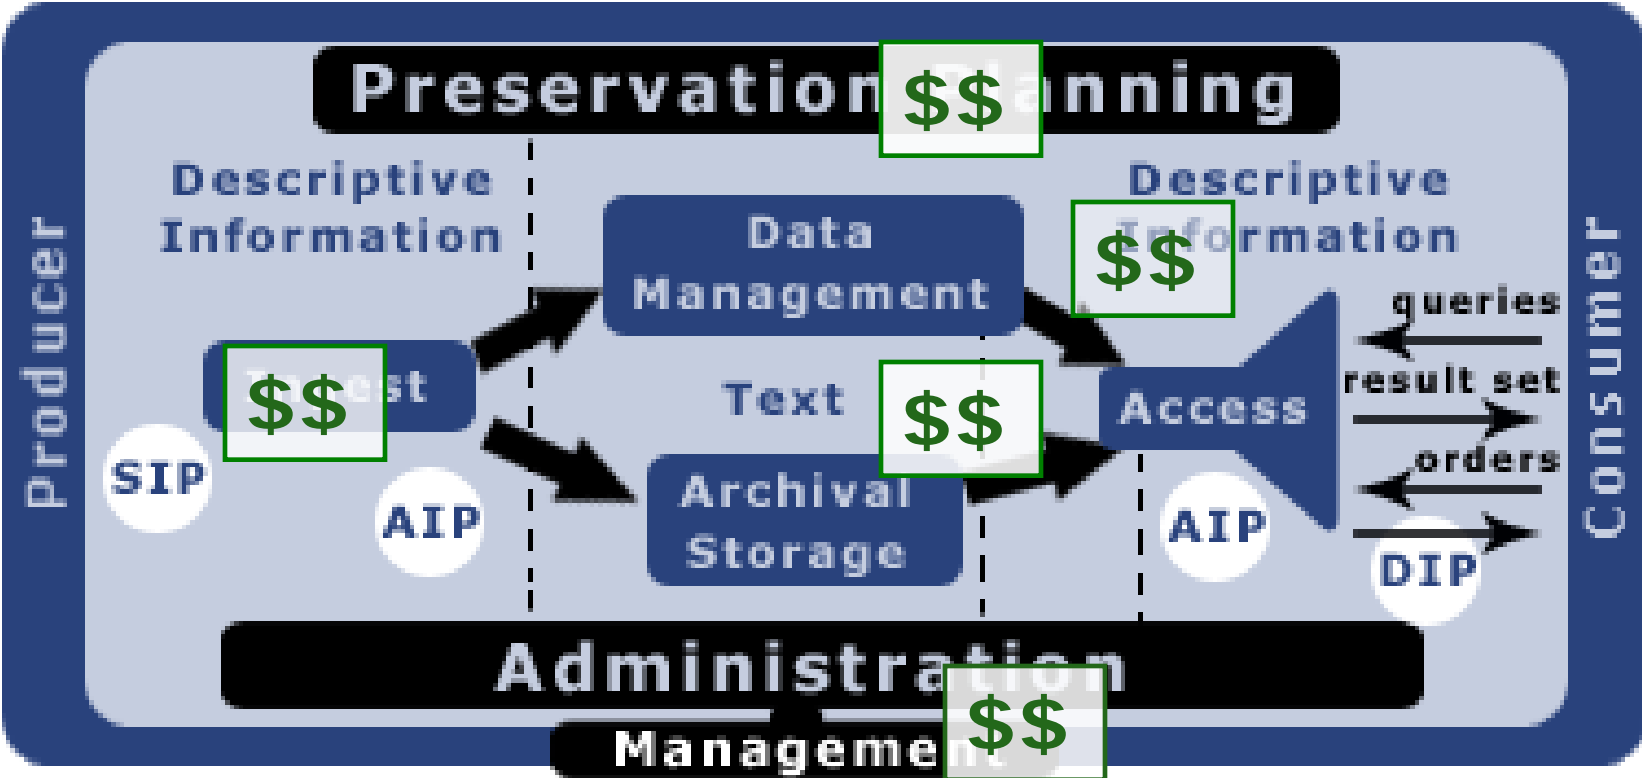

This project made possible by a grant from the U.S. Institute of Museum and Library Services

Mapping to OAIS: Policies

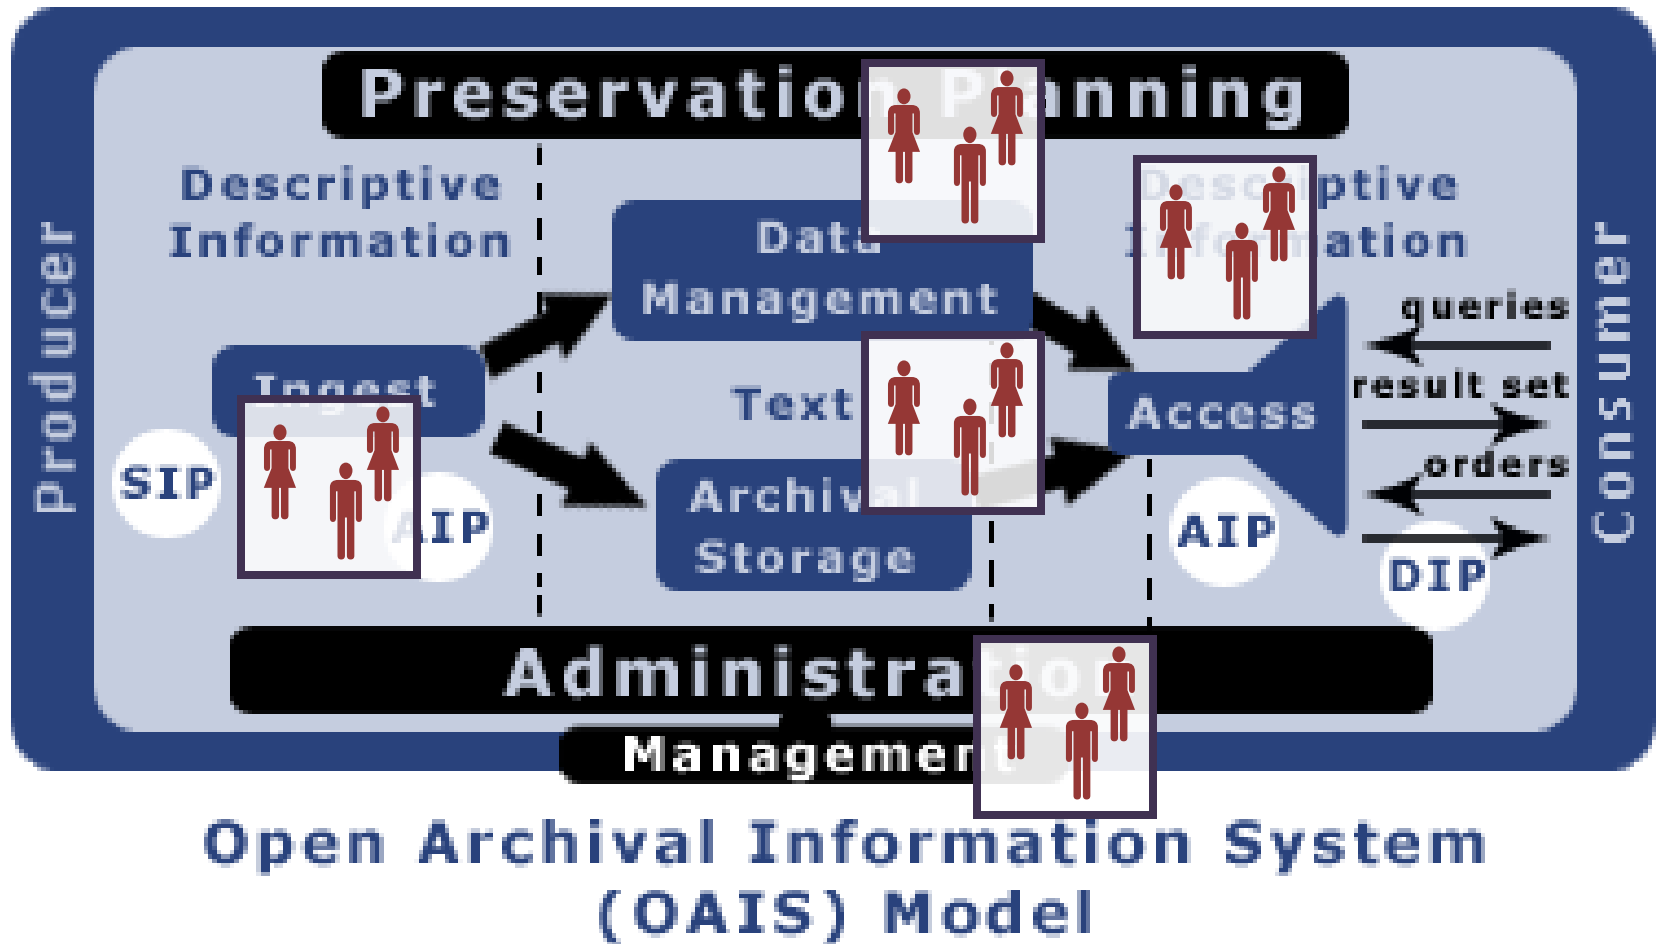

Mapping to OAIS: Costs

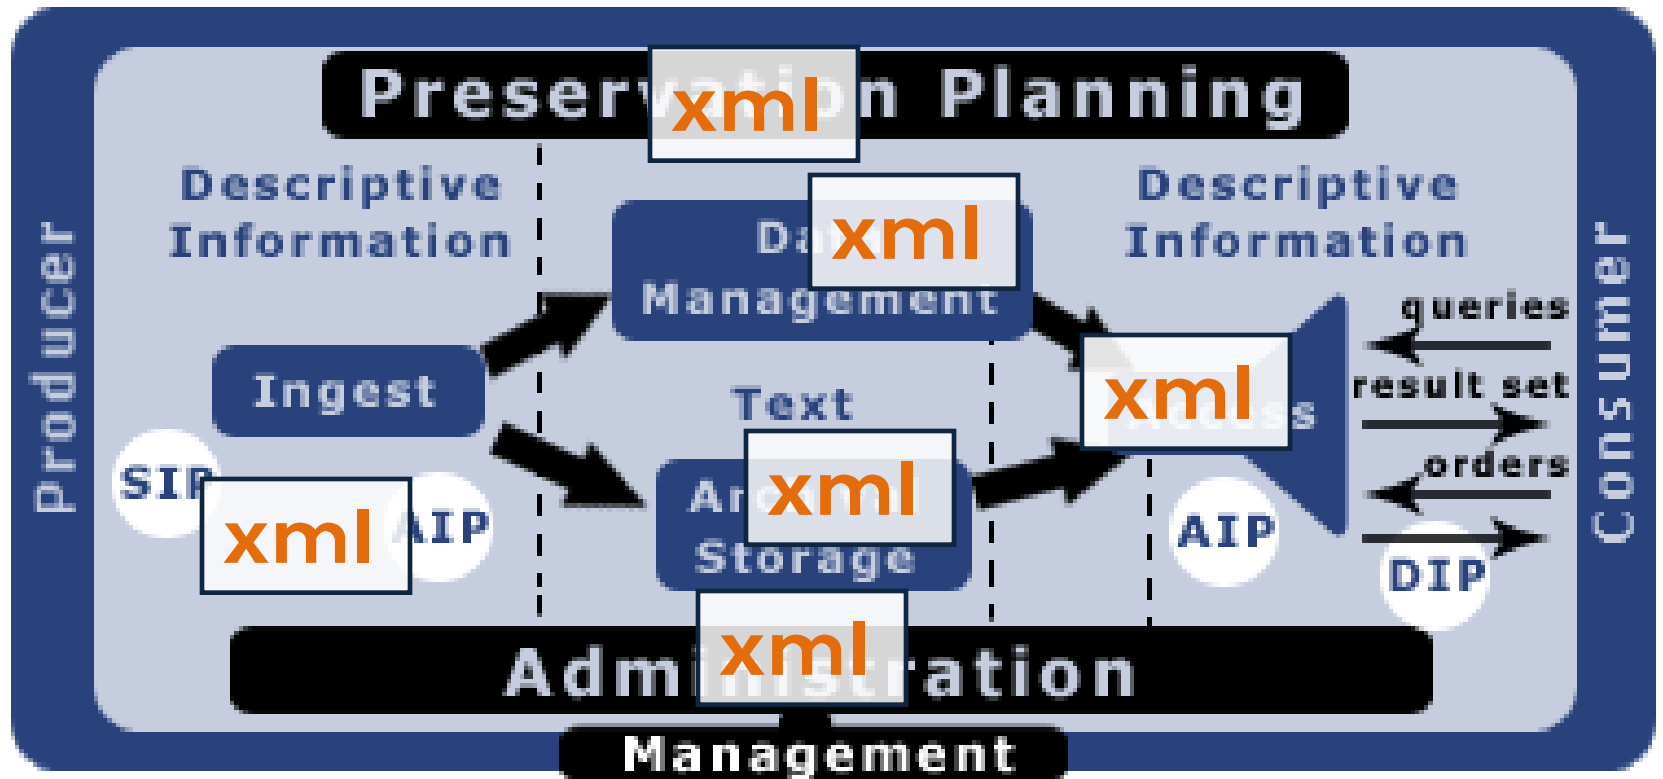

Open Archival Information System (OAIS) Model

Mapping to OAIS: Skills

Mapping to OAIS: Metadata

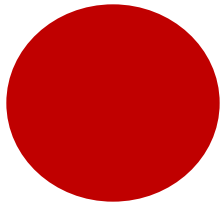

**Open Archival Information System
(OAIS) Model**

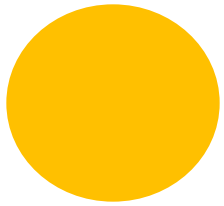

Management Tool

- Map your status
- Identify desired outcomes
- Show progress over time towards objectives
- High-level OAIS diagram for overviews;
detailed OAIS diagram for detailed mapping

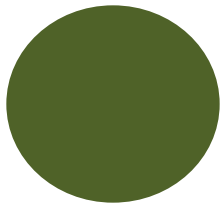

Conventions to Show Progress

Not started or unknown status ...

In progress, partially done ...

Done, reviewed, implemented ...

Mapping Exercise

- For your functional entity identify:
 - What policies do you find?
 - Which objects (SIP, AIP, DIP) are referenced?
 - What metadata is implicitly or explicitly involved?
- Consider cost implications, requisite skills, possible tools - other factors? – that would be required
- See exercise sheet
