

Advanced Electronic Records Institute

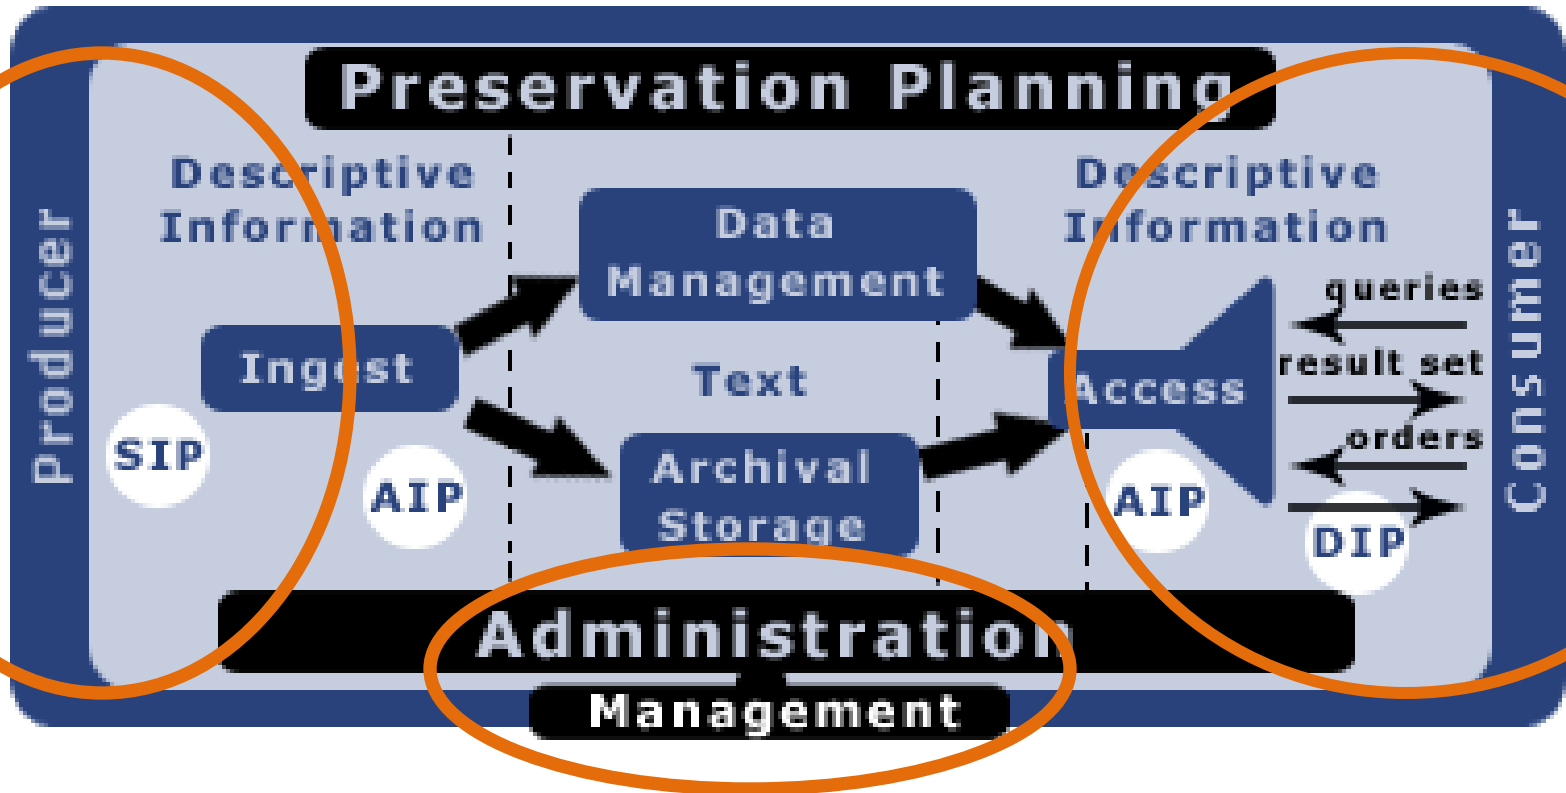

Identifying and Serving Designated Communities

Nancy McGovern & Courtney Mumma

This project made possible by a grant from the U.S. Institute of Museum and Library Services

Designated Communities

Producer-Archive Interface Method Abstract Standard (PAIMAS)

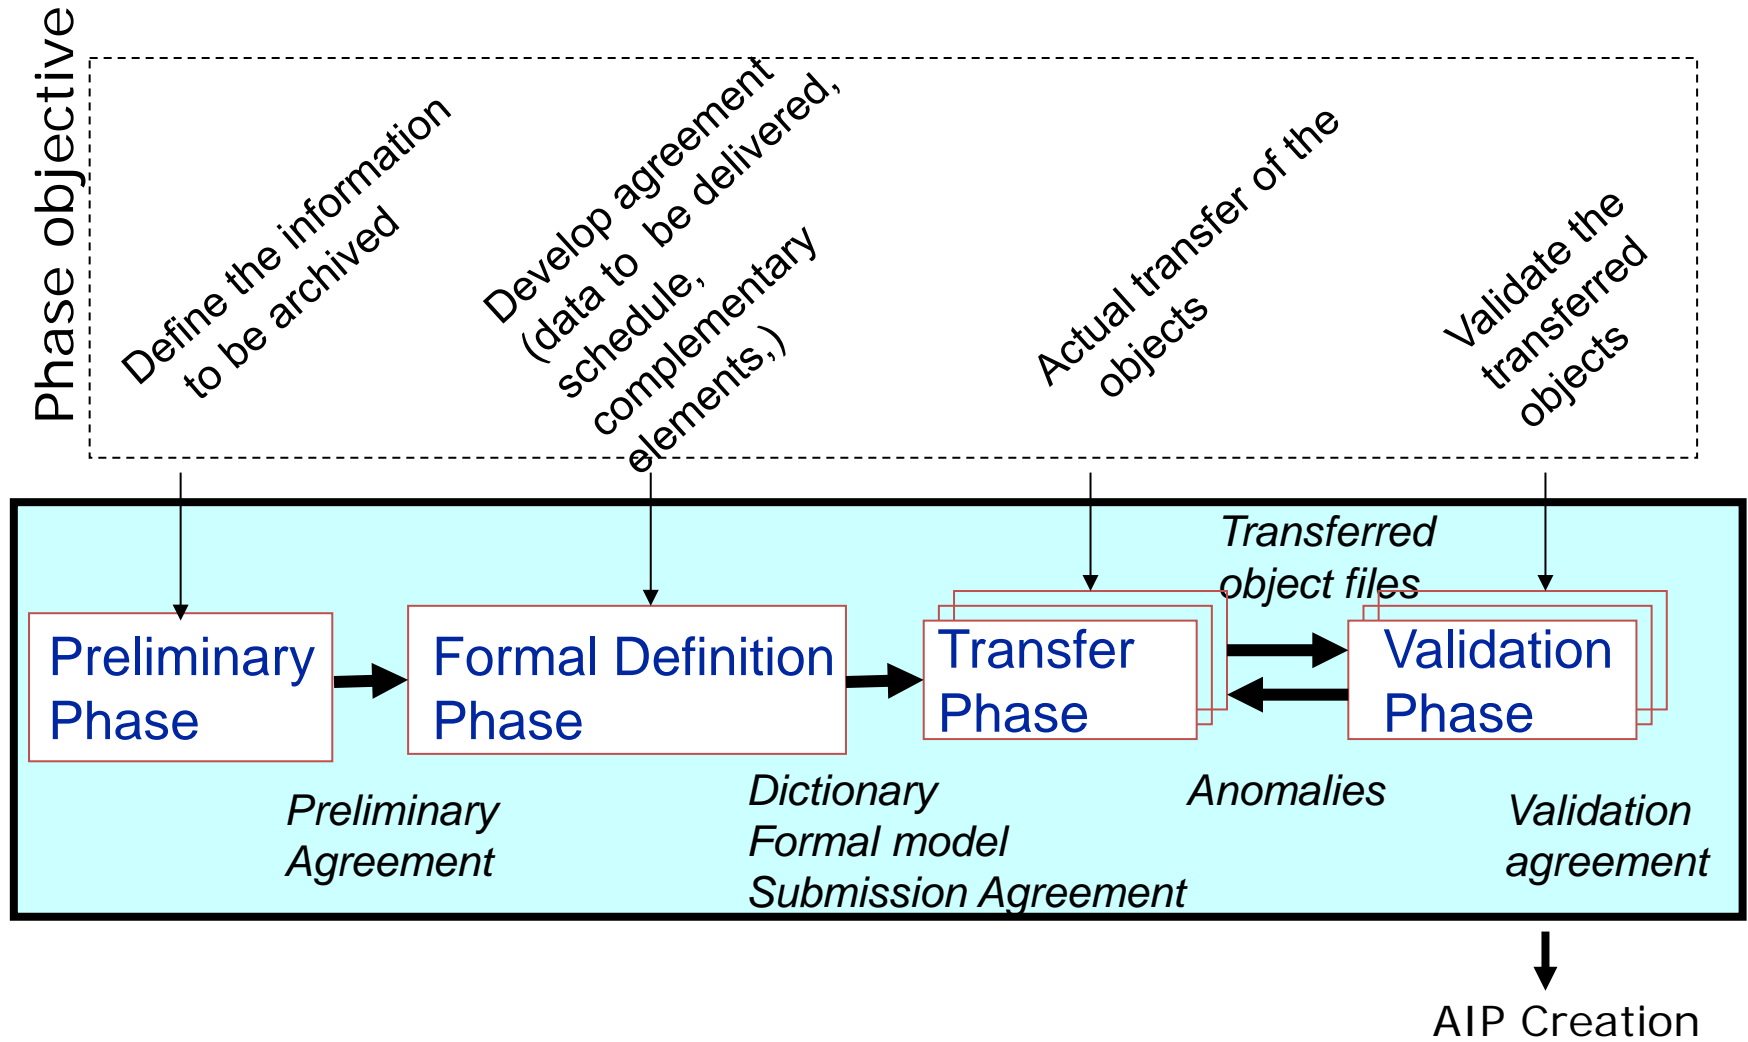

- Preliminary Phase
- Formal Definition Phase
- Transfer Phase
- Validation Phase

... pre-ingest activities

how does the handshake work between
the producer and the archive?

NOTE: PAIMAS is an ISO standard in the OAIS group

PAIMAS 2005

OAIS 2012: "the more specific Producer-Archive Interface Specification (PAIS) is under preparation"

[Consumer]-Archive Interface Method Abstract Standard

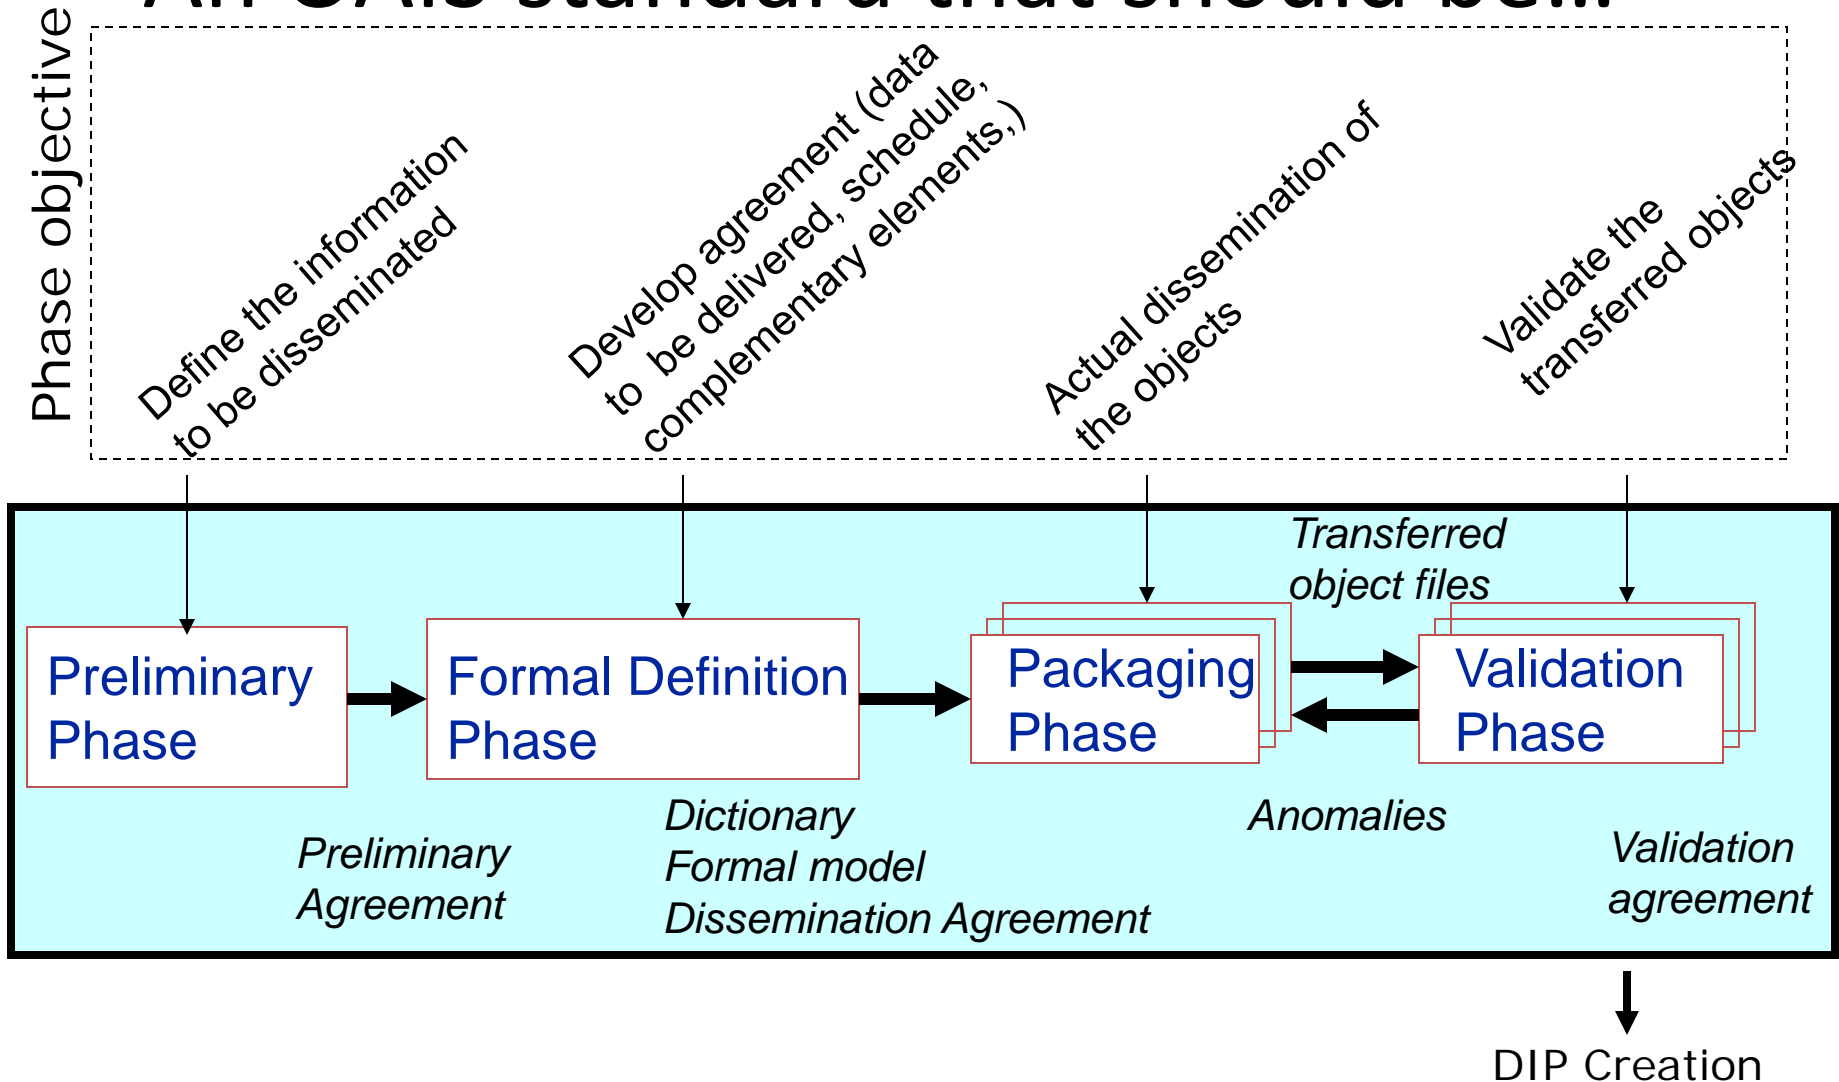

- Preliminary Phase
- Formal Definition Phase
- Transfer Phase
- Evaluation Phase

... access-related activities

how **should** the handshake work between the consumer and the archive?

CAIMAS

An OASIS standard that should be...

Topic: Developing Strategic Partnerships

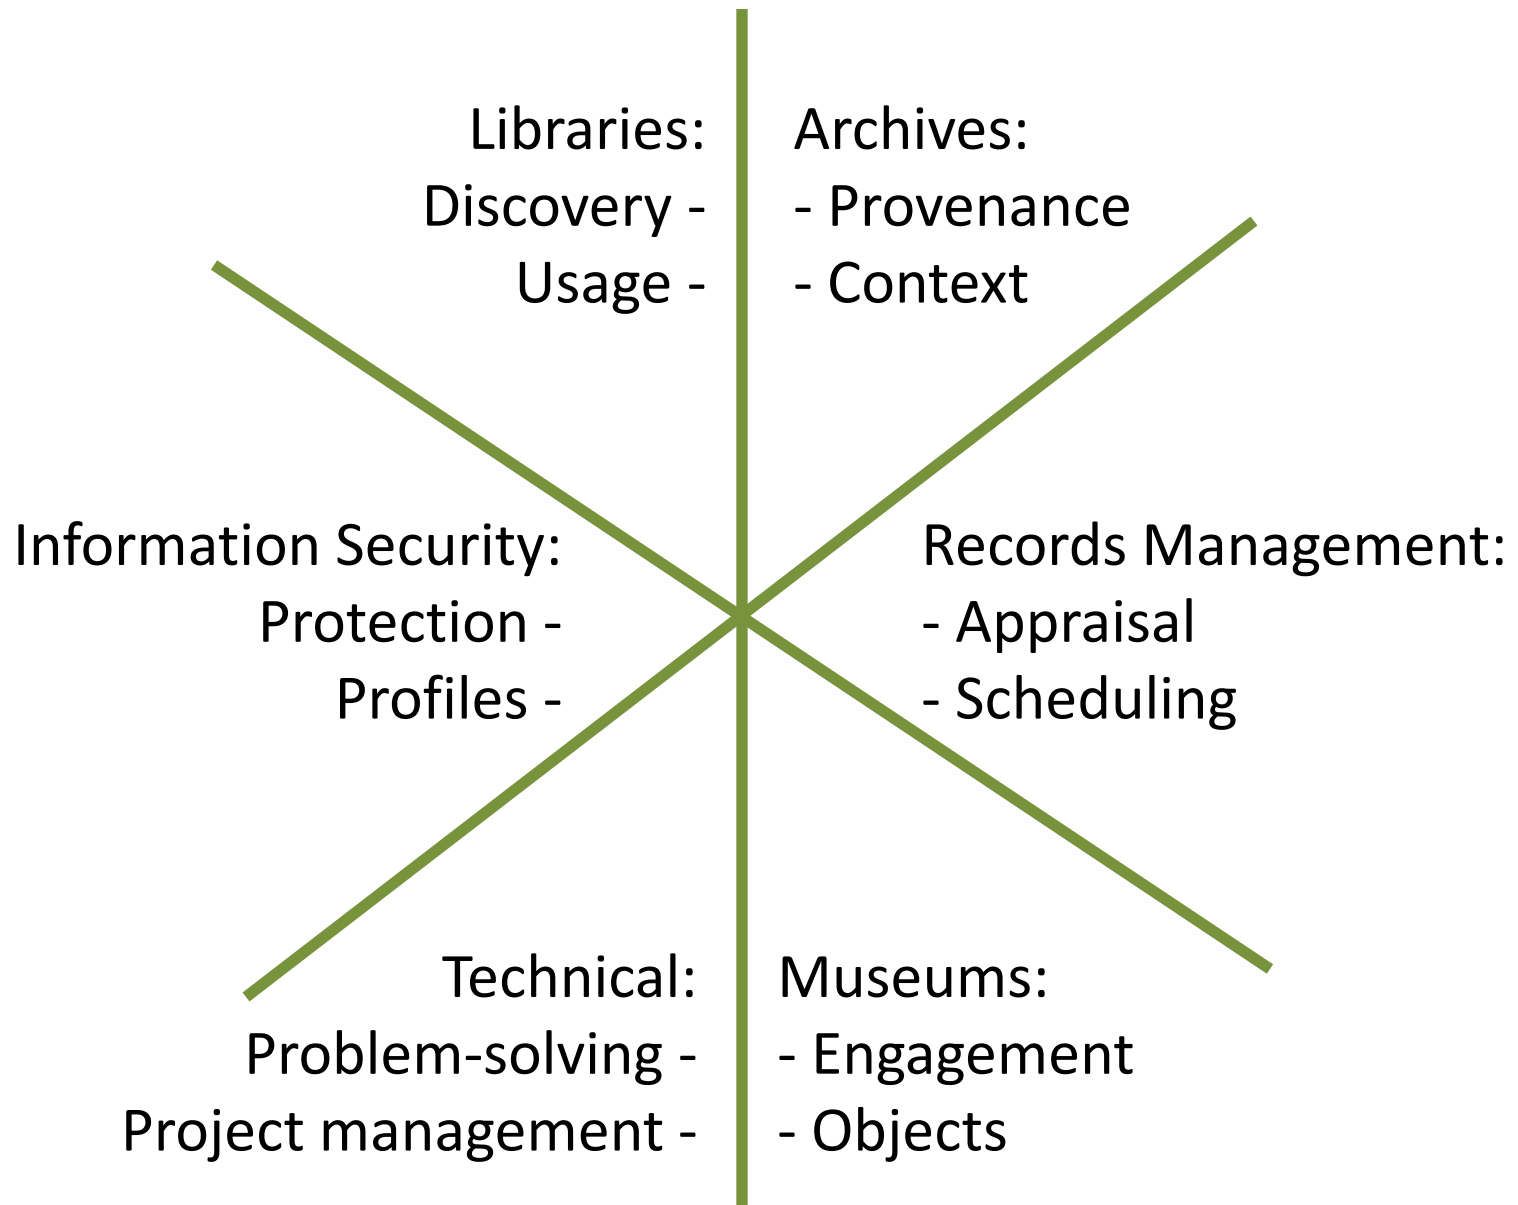

Identifying Possible Partners

- Producers, Consumers, Prosumers?
- Funders
- Peers
- Others in community
 - With desirable skills, programs, infrastructure
 - With similar priorities and challenges
 - Within an optimal geographic range

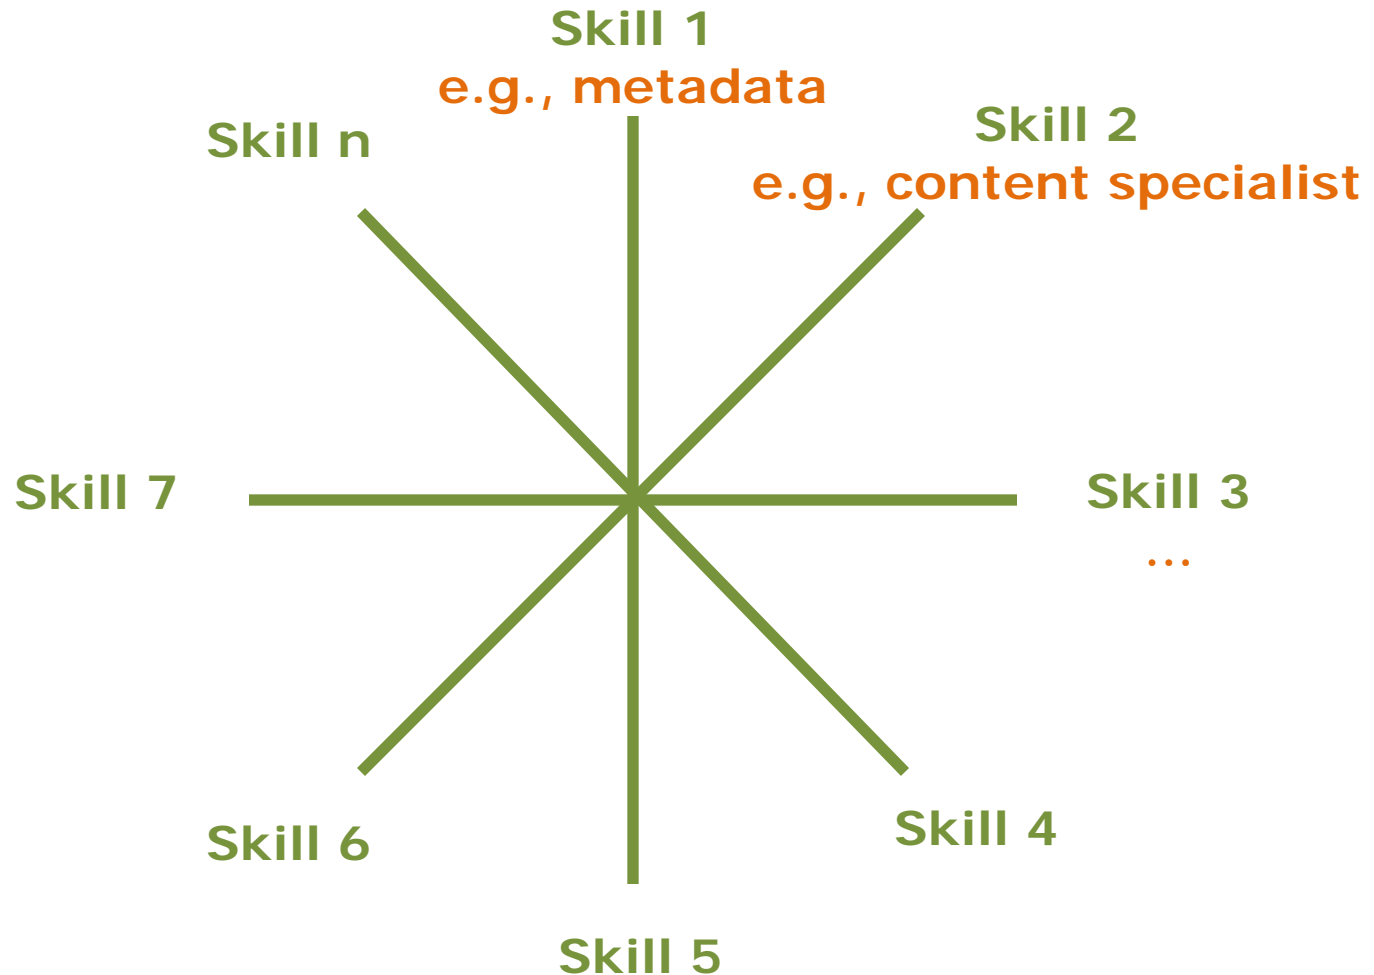

Digital Skills

- Devise strategies
- Develop policies
- Collaborate
- Raise awareness
- Define good practice
- Develop programs
- Address legal issues
- Investigate problems
- Develop workflows
- Design object packages
- Identify dependencies
- Enable interoperability
- Develop competencies
- Build/maintain registries
- Balance risks and costs
- Monitor technology
- Invest in solutions
- Manage repositories
- Promulgate standards
- Manage metadata

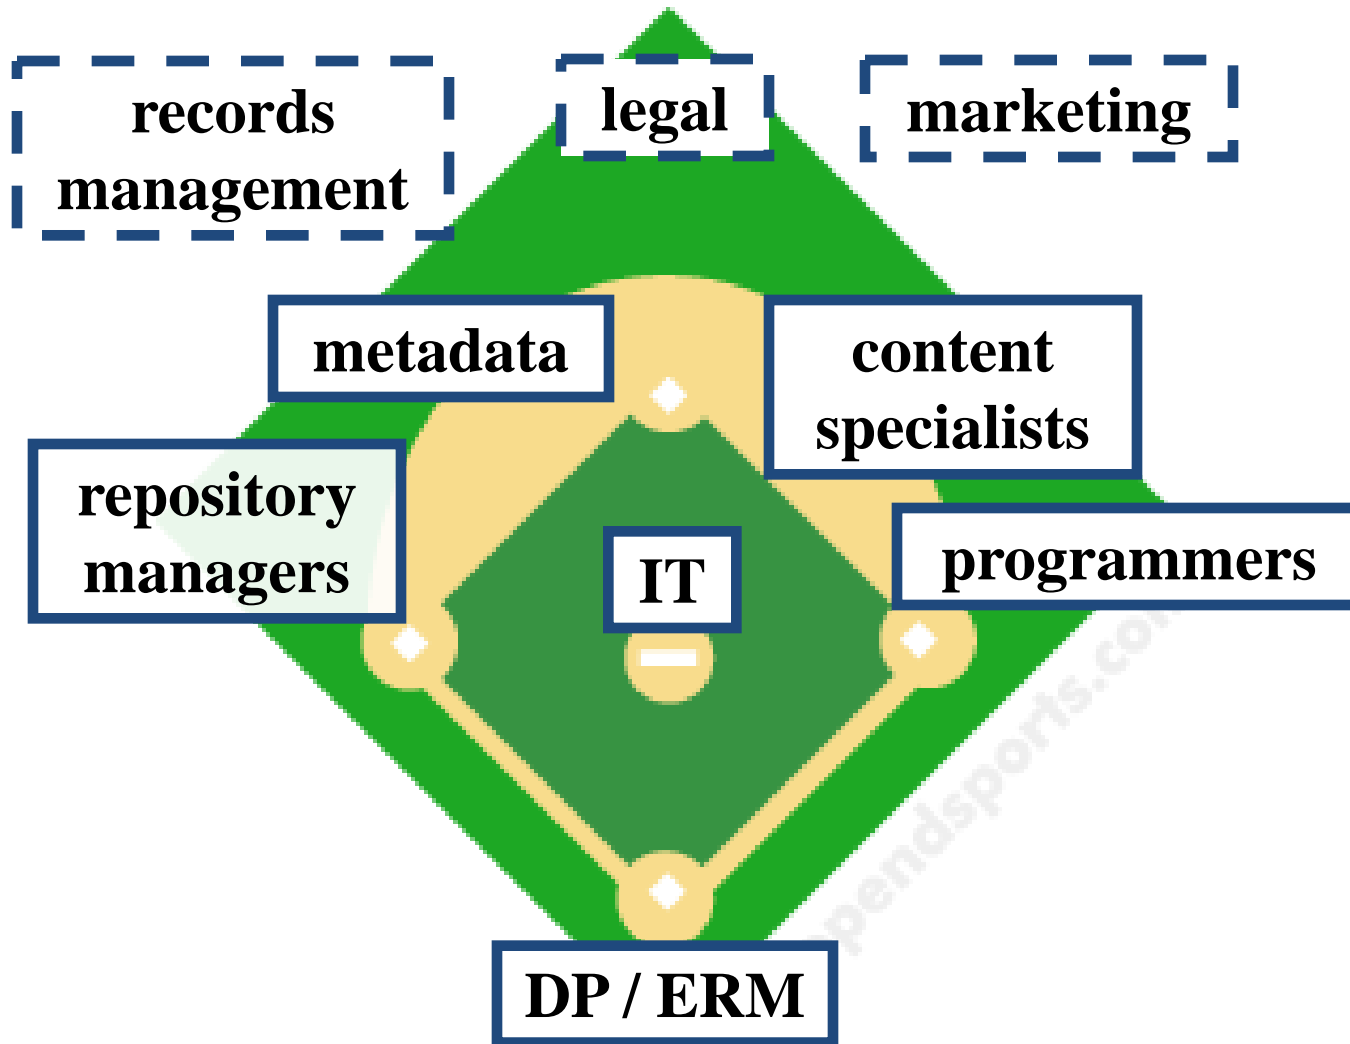

Discipline Strengths (examples)

Individual/Team Skills

Dream Team

NOTE: the Dream Team refers to the '67 Red Sox - of course [courtesy DPM workshops]

Archives, Conservation, and Preservation at MIT Libraries
